FORTNUM & MASON TEAS

AFTERNOON BLEND

A blend from the higher and lower regions of Ceylon delivering a light, refreshing flavour with real body. Of all Fortnum's tea, this makes the best iced tea, staying perfectly clear when chilled, but is equally good served the traditional way with a splash of milk. Brew this loose leaf tea for three to five minutes according to taste.

ROYAL BLEND

In this classic Royal Blend notes of Flowery Pekoe from Sri Lanka uplift the maltier Assam to create a very traditional cup of tea. First blended for King Edward in 1902 Fortnum's Royal Blend has been popular ever since for its smooth, honey like flavour.

EARL GREY CLASSIC

British Prime Minister Earl Grey gave his name to this hugely popular tea back in the 1830's & it has since been thought of as a classic English afternoon tea. Its flavour is made up of simple black tea flavoured with stimulating oil of bergamot.

CEYLON ORANGE PEKOE

Orange Pekoe denotes a large- leaved tea, and the dark even leaves of this tea are indicative of Sri Lanka. Just a touch of delicate high- grown tea is added to the more robust low- grown leaves to create a medium strength brew. Ideal for a pick me up in the afternoon.

LAPSANG SOUCHONG

To give this tea its unmistakable flavour, the plucked leaves are withered over pine fires, pan-dried rolled & placed in bamboo baskets & smoked over smouldering pinewood fires. Once confined to China's Fujian province it is now enjoyed across the globe.

DARJEELING

This justly famous black tea from the bracing foothill of the Himalayas has a vivid, coppery infusion. The broken leaf grade gives a stringer brew which suits those who prefer to take Darjeeling with milk.

JASMINE SILVER NEEDLE

Jasmine Silver Needle White Tea is a high grade, speciality tea unique to Fujian Province in China. Harvested in the Spring from the new season's growth this tea is rich in antioxidants. The Silver Needle White Tea is layered with freshly harvested jasmine flowers & left overnight allowing the Jasmine aroma to naturally scent the tea. The result is a sweet floral tea that can be drunk at any time of day.

HIGHGROVE ORGANIC PEPPERMINT INFUSION

Orange Pekoe denotes a large- leaved tea, & the dark even leaves of this tea are indicative of Sri Lanka. Just a touch of delicate high- grown tea is added to the more robust low- grown leaves to create a medium strength brew. Ideal for a pick me up in the afternoon.

GREEN TEA WITH LEMON

Combining relaxing, earthy green tea with zesty lemon this is a perfect partner to a teatime Smoked Salmon bridge roll.

MOROCCAN MINT

This is a cleansing & refreshing blend of Chinese Gunpowder green tea & roughly torn mint. Traditionally served with sugar in decorative glasses to guests several times a day as part of Moroccan culture.

CHELSEA GARDEN BLEND

Like walking through a flower meadow on a warm summer's day, Fortnum's Chelsea Garden Blend Tea inspired by The Chelsea Flower Garden of London – is a beautifully fragrant blend that will stimulate your senses with cornflower, rose & jasmine. A festival of flowers in a cup.
