HARRODS FINE TEAS

"Harrods Teas are of such excellence that over exclusive tea tables they are a subject of mutual congratulation and, in more homely circles, an inexpensive luxury that no-one need forego!" (Harrods General Catalogue, 1929)

For Harrods, it all started with tea. In 1834, Charles Henry Harrod began trading as a tea dealer and grocer in London's East End, before opening a store in Knightsbridge in 1849.

Selling and serving the finest teas remains a core part of Harrods' heritage. Over the centuries, we have preserved the visionary spirit of our founder by maintaining exacting standards and stocking only the finest teas in the world.

All teas come from the same plant, camellia sinensis, with different varietals according to the region of provenance. Classification – black, green, blue (oolong) or white – is determined by how the leaves are picked and processed. Every stage of this complex operation contributes to the final taste (though the main difference is created by the oxidation level applied to the leaves).

The final product in your cup represents thousands of miles travelled across the globe, and centuries of skill.

Today, our Harrods Tea Rooms manager has created a tea flavour spectrum Pya to help you navigate the menu and make your decision based on where the tea sits among four main flavour profiles – sweet, woody, astringent and floral.

For selected teas, we have also introduced a gongfu-style tea service – a traditional Chinese ceremony involving the ritual preparation and presentation of tea.

Please ask a member of staff for more details.

CLASSIC TEAS

Signature and special blends

Harrods has been creating exquisite tea blends since 1849. The fine art of blending can be compared to creating a delicate new perfume, where the potential combinations are endless. Below is a selection of nostalgic and exclusive blends. No matter which tea you choose, our expertise and commitment to quality are brewed into every cup.

No.42 Earl Grey

CHINA

This blend draws on two centuries of English tradition to ensure the perfect experience. Following the original method of preparation, select teas are lightly scented with bergamot oil. Each sip is smooth and distinct, with a hint of citrus.

No.18 Georgian Blend

INDIA & CHINA

Harmonious and creamy with a reviving, full-bodied liquor, this tea was first developed to mark the grand opening of our restaurant The Georgian in 1911, to celebrate the coronation of King George V. The blend combines the very best of India's main tea-growing regions – Darjeeling for its flavour and Assam for its body – with the finest Chinese tea for its fragrance. Uplifting yet delicate, it makes a delicious cup.

No.49 Blend 1849

INDIA

Originally made in honour of Harrods' 150th anniversary, Blend 49 is a combination of teas from India's five main tea-producing regions. The tea is a fusion of the best characteristics from all five regions and produces a unique aroma and a rich flavour.

No.16 Afternoon Special Blend

SRI LANKA

Picked in the prime months of August and February, this blend combines high- and medium-elevation teas from the pristine Dimbula region. The carefully picked leaves yield an amber brew full of sweet, subtle flavours.

No.14 English Breakfast

INDIA, KENYA & SRI LANKA

Full-bodied flavours of Assam complement the pungent Kenyan tea and the subtle, sweet Ceylon to produce our renowned strong but balanced English Breakfast tea.

No.191 Decaffeinated English Breakfast

INDIA, KENYA & SRI LANKA

Harrods' traditional English Breakfast tea is a unique blend of Darjeeling, Assam, Kenyan and Sri Lankan tea, which, in this instance, has been delicately decaffeinated.

BLACK TEAS

Black tea involves all five basic steps of tea production (plucking, withering, rolling, oxidising and firing). The leaves are allowed to fully oxidise during this process. Production is typically completed within a day, and the liquors range from dark brown to deep red in colour.

No.176 Jungpana Estate 2nd Harvest

DARJEELING, INDIA

The Jungpana Tea Estate's south-facing position between 3,000 and 4,500ft above sea level produces teas with muscatel characteristics that have been enchanting tea lovers for over a century.

No.163 Hawaiian Black (supplement £40)

HĀMĀKUA, HAWAII

Hawaiian Black is a multifaceted tea grown in the fertile soils of Hawaii's Mauna Loa volcano. Its leaves have a Darjeeling character with base notes of honeyed sweet raisin and autumnal fruits, perfectly complemented by the tropical floral top notes.

No.131 Lapsang Souchong

FUJIAN, CHINA

True to the nature of a traditionally smoked black tea, Lapsang Souchong challenges the senses with a strong fragrance.

No.170 Halmari Estate 2nd Harvest

ASSAM, INDIA

Halmari possesses a long, wiry leaf with plenty of golden tips. Once infused, the leaf becomes bright and coppery, offering a sweet and well-balanced clarity. It has a finesse and definition that linger into a pleasant aftertaste.

No.165 22 Karat Gold Leaf (supplement £65)

ASSAM, INDIA

This carefully selected Assam tea has been handcrafted with 22kt gold leaf, resulting in a bold, malty, full-bodied cup with a touch of decadence.

Curiosity: Black tea is fully oxidised and was originally created not more than three centuries ago to preserve the quality of tea shipments during the long journey across the sea from China to western Europe.

GREEN TEAS

To make green tea, freshly picked leaves are pan-fired (Chinese method) or steamed (Japanese method) at a temperature hot enough to inhibit the natural oxidation process and encapsulate in the processed leaves all the richness of the fresh ones. This ensures distinctive and sophisticated tasting notes with major health benefits due to the preserved high level of antioxidants and active principles.

No.206 Gunpowder Supreme

ZHEJIANG, CHINA

Invigorating and deeply nourishing, this explosively named tea delivers subtle mineral notes behind a fresh texture for a full-bodied cup with a hint of smokiness.

No.213 Gyokuro Green Supreme (supplement £10)

KAGOSHIMA, JAPAN

Delicate and sweet, this tea has a seductive, fruity aroma with a hint of nashi pear on the finish. Light, fresh and mild, the pleasant sweetness of this Gyokuro is refreshing on the tongue and palate long after drinking.

No.211 Jasmine Dragon Pearls

FUJIAN, CHINA

High-quality green tea is used as a base, to which fresh jasmine flowers are added for their exquisite perfume. The hand-rolled pearls open upon infusion to reveal a beautiful 'dragon': the fragrant flower hidden in the centre. The warm, creamy, enticing leaf is lifted by a fresh yet heady jasmine aroma.

No.214 Hawaii Green Hamakua (supplement £40)

BIG ISLAND, HAWAII

Produced using traditional Japanese practices, these jade-green leaves deliver a natural vegetal character with flavours of Eastern green leaf and subtle hints of fennel and anise. A light and lively cup punctuated by a flowery sweetness and subtle sharpness.

OO LONG TEAS

Oolong teas span a broad spectrum of colours, between green and black, determined by the level of oxidation of the leaf. This process is carried out repeatedly, sometimes over the course of days, creating a beautiful layering or 'painting' of aroma and flavour. Oolongs typically have a more complex flavour than green or white teas; with very smooth, soft astringency, they are rich in floral or fruity flavours, making them ideal for those new to tea drinking.

No.224 Tie Guan Yin Supreme I an Xi (supplement £30)

FUJIAN PROVINCE, CHINA

Known as the 'Iron Goddess of Mercy', this is one of China's most exclusive and revered teas, with Harrods' Supreme version the ultimate in refinement. Uplifting and invigorating, it possesses an exquisite floral fragrance, a unique lingering taste and a jade infusion. We recommend it served in a traditional Chinese gongfu ceremony.

No.226 Wen Shan Pouchong (supplement £8)

TAIPEI COUNTY, TAIWAN

Produced since 1885, wen shan pouchong, or 'wrapped tea', is one of Taiwan's most famous teas. Made using a traditional technique of placing the leaves in paper during the drying processes, it delivers a beautiful floral fragrance and a rich, melony flavour. We recommend it served in a traditional Chinese gongfu ceremony.

No.223 Arishan Tai Milk Oolong

NANTOU COUNTY, TAIWAN

Handpicked from the Jin Xuan and Gin Hsuen cultivars grown in the mountains of Nantou County in Taiwan – a region famous for its production of high-quality oolong. It produces a floral aroma with a pleasant milky flavour that is enhanced by light roasting.

WHITE TEAS

White tea is essentially unprocessed tea. The name is derived from the fuzzy white 'down' that appears on the unopened or recently opened buds – the newest growth on the tea bush. White tea is simply plucked and allowed to wither dry. The leaves are not rolled or shaped. White teas produce very pale green or yellow liquor, and are the most delicate in flavour and aroma.

No.237 Jasmine Silver Needle

FUJIAN, CHINA

Silver Needle is China's finest white tea. Its perfect downy buds are picked and sun-dried in April, in the Fujian mountains. In August, the tea is laid beneath a bed of fresh jasmine flowers for seven consecutive nights, marrying the sweet white tea with a fresh, fragrant jasmine aroma.

No.51 Saffron Silver Tips (supplement £10)

DARJEELING, INDIA

Blended with handpicked Kashmiri saffron, this is a delicate second-flush Darjeeling tea with the bold natural colour and intense flavour of the highly desired spice.

No.230 White Peony

FUJIAN, CHINA

Produced by the Heng Yuan Chun tea farm in the mountains outside the city of Fuding, this high-quality white tea is created with the first bud and two leaves from the peony plant.

Curiosity: White tea has the most antioxidants of any type of tea.

HERBAL TEAS

Known as tisanes, herbal teas are caffeine-free infusions of herbs and plant extracts. Arguably, most herbal teas find their roots in ancient Egypt. The first recorded mention of camomile being enjoyed as a drink was in a document known as the Ebers Papyrus, in 1550 BC. Peppermint has been used as a caffeine-free home remedy to aid digestion and soothe the stomach for millennia, dating back to the ancient Greeks, who would rub tables with peppermint to make dining more pleasant.

No.121 Rooibos

WESTERN CAPE, SOUTH AFRICA

A naturally caffeine-free alternative, this tea boasts a soft, gently tangy flavour that combines a dry-straw earthiness with a hint of bitter Seville orange.

No.112 Camomile

This tea can be described as sweet yet austere – the definitive camomile taste. Bright, full and mellow in the cup, it has floral, honeyed aromas that mingle with soft, refreshingly bitter vegetal complexities. It is naturally caffeine-free and makes a relaxing evening drink.

No.120 Peppermint

Native to the Mediterranean, peppermint is a herb that can be drunk as a hot beverage and has an exquisitely high menthol content, resulting in its intense scent and flavour. This stimulating herb offers a deliciously minty-sweet taste with a cool and freshly pure aroma. As it is naturally caffeine-free, this is the ideal drink to consume in the evening.

No.132 Rose Buds

This herbal tea is made from whole rose buds, plucked and dried when young for a light and fragrant beverage. The essential oils in this tea not only give an elegant rose-petal taste and aroma, but also improve circulation and are good for the heart.

No.70 Blackcurrant & Hibiscus

A natural caffeine-free fruit infusion made with pieces of fruit, whole berries and floral components, enjoyable hot or cold.

No.75 Strawberry & Kiwi

A deep-pink infusion of strawberry and kiwi, beautifully balanced with fragrant flowers. Perfect served hot or over ice.

COFFEE & HOT CHOCOLATE

Knightsbridge Roast

BRAZIL, INDONESIA, COLOMBIA & COSTA RICA

Harrods' signature Knightsbridge Roast has been created by our Master Roaster to be served with milk. A complex blend of arabica beans from Brazil, Indonesia, Colombia and Costa Rica ensures that this coffee is full bodied, with a creamy texture and notes of caramel, nuts and chocolate, as well as a hint of spice.

All our coffees are carefully brewed using this blend, which is composed of four distinctive coffees:

BRAZIL Pulp natural - brings sweetness, body, and notes of nuts and chocolate

COLOMBIA Washed - brings sweetness, gentle bitterness, body, and notes of caramel and cocoa

SUMATRA MANDHELING Washed - brings spicy notes, low acidity, thick body and rustic flavours often described as earthy

COSTA RICA Honey process - brings a clean base, gentle lingering acidity of melon and low to medium body

Espresso single/double

Macchiato single/double

Americano

Latte

Cappuccino

Iced Americano or latte

Harrods grand-cru mocha

Harrods grand-cru hot chocolate
